

Good Morning To Whom This May Concern,

My name is Edwin Peña, a student from New York. I am writing to express my continued interest in Emory University. I believe Emory University is the place for me. I would like to thank the admissions department for looking over my application and giving me another chance for admission.

Within the few months after applying to Emory I’ve received a few accolades such as a Leadership of 2024 award, an Excellence Award for College Leaders, Award for Academic Excellence in AP US History, Award for Academic Excellence in AP English Language and English Honors, Award for Academic Excellence in Geometry, becoming a Questbridge finalist, and Posse Nominee. As a first generation and low-income student, going to Emory would not only benefit me but also alter the trajectory of my family's future fostering growth for generations to come.

The Goizueta Business School at Emory is a place where I can call home and learn from the best. It supports out of the box thinking and would allow me to be around like minded individuals as well as professors who are at the top of their fields. I have read multiple publications by Klass Baks and they have helped me strategize the best ways to invest in the stock market as well as gain a glimpse of a future career as a financial analyst as a Goizueta Graduate. I am eager to further my education under the guidance of Emory’s faculty and express my passion for business and finance through the work and the opportunities offered throughout the University.

Thank you for considering my continued interest in becoming part of Emory’s vibrant community. Feel free to contact me here or call me on my cell phone (929) 245- 0232, anytime. I am ready and excited to contribute to and grow with Emory, hoping to turn my aspirations into reality.

Sincerely,

Edwin Peña
