## Programming Exercises – Files and Exceptions

1. File Reading
There are names of the first three U.S. presidents in the file, *Presidents.txt*. Create functions to read and display the contents of the file in the following two ways.

```
Example Output
Using Loop ------
George Washington
John Adams
Thomas Jefferson

Using List ------
George Washington
John Adams
Thomas Jefferson
```
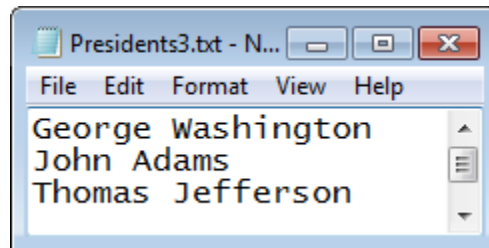

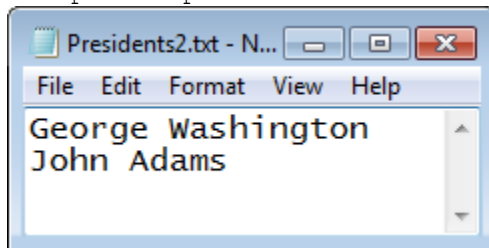

2. File Writing
Write a program that defines two different functions to create files.

```
Example Output
```

3. File Appending
Write a program that adds/appends lines to the end of an existing file.

```
Example Output
```
